FOR IMMEDIATE RELEASE

Northbound I-405 Connector to Westbound I-105 to Open Saturday

HAWTHORNE — The California Department of Transportation (Caltrans) today announced the scheduled re-opening of northbound I-405 (San Diego Freeway) connector to **westbound** I-105 (Glenn Anderson / Century Freeway) at 5 a.m. on Saturday, March 24, immediately following one final overnight closure of the northbound I-405 connector to **eastbound** I-105.

The northbound I-405 connector ramp to eastbound I-105 will close from 10 p.m. tonight until 6 a.m. Saturday to provide additional work space for removal of K-rail. This schedule is weather-permitting and is subject to change.

As of 5 a.m. Saturday, March 24, the northbound I-405 connector ramp to **westbound** I-105 *and* the northbound I-405 connector ramp to **eastbound** I-105 will both remain open as *the reconstruction of the northbound I-405 connector ramp to westbound I-105 will be complete, opening five weeks earlier than scheduled.*

Tonight's eastbound detour: Continue northbound on I-405, exit Imperial Highway, turn right and drive east to the eastbound I-105 on ramp at Freeman Ave.

Tonight's westbound detour: Continue northbound on I-405, exit onto Imperial Highway westbound. Detour signs will be in place.

Caltrans thanks Los Angeles World Airports for their cooperation and support on this project. The next and final phase of this project will be reconstruction of one lane of the collector *road* leading up to the connector *ramps*. Up to two lanes of the collector road will remain open to the public, but there may be several overnight or 55-hour ramp closures during this phase.
